SATHWIK CHERUKURI

+91 8019761958 | cherukurisathwik2@gmail.com | LinkedIn: Sathwik Cherukuri | Hyderabad, India

Profile

Innovative **Software Engineer** with a specialization in **Data Intelligence** and **Scalable Backend Systems**. Proven track record in architecting end-to-end predictive pipelines, achieving up to **92% precision** in healthcare diagnostics. Expert at bridging the gap between complex **Machine Learning models** and robust **enterprise-grade software** using Python and SQL. Adept in **Agile SDLC methodologies**, geared toward driving digital transformation and optimizing system efficiency.

Technical Skills

Languages: Python, SQL
Data Science: Machine Learning (Scikit-learn, XGBoost), Data Preprocessing (Pandas, NumPy), EDA
Web & Backend: Python Backend Frameworks, REST APIs, Authentication Systems, Power BI
Databases & Tools: MySQL, Git, GitHub, VS Code, Jupyter Notebooks

Professional Experience

Deloitte (via Forage) Remote
Data Analytics Virtual Experience

- Completed a simulation focused on data-driven decision-making and business requirements analysis.
- Conducted data cleaning and exploratory data analysis (EDA) to derive actionable insights for cross-functional teams.
- Developed data visualization strategies to translate raw data into business-aligned KPI reports.

Projects

Health-Risk Prediction & Management System | ***Python, SQL, ML***

- Developed a web application with robust User and Admin Management modules to ensure secure data handling.
- Engineered a pipeline using EfficientNetB0 and XGBoost for risk prediction, achieving 92% precision.
- Implemented Exploratory Data Analysis (EDA) on medical datasets to improve feature selection for Diabetic Retinopathy.
- Optimized SQL database schemas to manage patient records and model logs following SDLC best practices.

Customer Churn Prediction | ***Python, Scikit-learn***

- Analyzed 10K+ customer records to identify churn drivers, aligning with specific business requirements.
- Built a predictive model with 80% accuracy, generating insights that supported retention strategies.

Shopping Behavior Analysis | ***Power BI, Excel***

- Processed 10K+ records to uncover revenue drivers and automated KPI reporting with Power BI dashboards.

Education

TKR College of Engineering & Technology Hyderabad, India
Bachelor of Technology (B.Tech) in IT *2022 – 2026*

- Current CGPA: 8.07/10.0

SR Junior College Hyderabad, India
MPC (Intermediate) *2020 – 2022*

- Percentage: 95.9%

Certifications

- Python Programming – GeeksforGeeks
- SQL Fundamentals – Coursera
